CREATIVE OUTDOOR SPACES

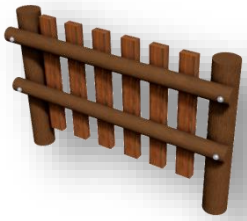

© 2024 Playscape - Jungle Gyms & Playground Equipment. All Rights Reserved. All designs created exclusively for PlayScape.

OUR STANDARD DESIGNS makes choosing the right jungle gym a little easier. Our brochure displays a variety of play structures from small to large, with full description, price and floor plan.

CUSTOMIZED JUNGLE GYMS

PlayScape specializes in custom-built jungle gyms & tree houses. We'll work with your available space and build a spectacular design to compliment your garden and meet your requirements.

POOL SLIDES

We offer a variety of pool slides for young and old. Choose from our standard kiddies slides or let us build a fully customized super tube slide suitable for adults and kids.

DIY KITS

Thinking of a fun weekend project? How about a team building or community project? Would you like to purchase a jungle gym but geographically you're too far for us to do the installation? Then why not consider a D.I.Y. KIT?

FREE STANDING JUNGLE GYMS

Considering a jungle gym for your kids... but don't want a permanent structure in your back yard? We have a solution… PlayScape can offer you a free-standing jungle gym.

QUALITY STRUCTURES BUILT TO LAST FOR YEARS

- We only use treated timber and poles.
- Structures are sanded and then coated with an exterior wood sealer.
- Only quality hardware and accessories are good enough for us.
- Fixed structures are concreted into the ground for extra support and stability.
- There are no protruding hazardous objects.
- No gaps between the planks on the platform.
- The standard height of our platforms are 1.4m from the ground, unless otherwise requested. Our lower platforms are 900mm & 1.2m from the ground.
- We always fit safety rails around our platforms.
